Your Institute

1. Have you studied at Pune University, Mumbai University, NIT, IIT, IISER, TIFR, ISI, IISc, CMI or a top school in US or UK? Please write down the name of your institute.

Ans: No.

Experience

1. How many years have you been working with React/NodeJS in an academic setting or on personal projects?

Ans. 1 year.

2. How many years have you been working in the analytics space with exposure to ML libraries such as Scikit-learn, caret, NLTK or spark MLlib?

Ans. No.

3. How many years have you been working with JavaScript/Typescript/HTML/CSS in an academic setting or on personal projects?

Ans. 1 year.

4. Have you done any programming in Python and how many years of experience do you have in an academic setting or on personal projects?

Ans. No.

Behavioral - Motivation for the Job

1. What specifically attracted you to this particular position and what interests you most about our company?

Ans. As I have worked on front-end before so I would like my skills to be implemented in real life and could give my share of the contribution to a company.

2. What are the key contributions you can bring to this role and the company?

Ans. As front-end is an important part of any part and if a user uses an app for the first time the first thing they notice and interact with is UI. So our UI should always be user-friendly and easy to use which will impact the number of users using it which will benefit the company.

Behavioral - Personal

1. Are you willing to work on weekends?

Ans. Yes.

2. What's the biggest misconception your coworkers/colleagues have about you and why do they think that?

Ans. I make an effort to produce the finest job I can. But occasionally it takes longer than it should. However, I believe that offering quality has always been my philosophy, therefore I abide by it and seek to maximize my output.

3. What's the most interesting thing about you that's not on your resume?

Ans. I'm good at sketching and drawing.

4. Do you feel overwhelmed in high stress/pressure situations?

Ans. No.

5. Describe the best partner or supervisor with whom you've worked.

What part of their managing style appealed to you? What characteristics are you looking for in a supervisor/manager?

Ans. One of my colleagues was really organized. He used to write a to-do list of what he had to do for the day and used to work according to that. I was really inspired by the way he managed everything and also started implementing it in my day-to-day work.

6. What are your biggest strengths? What are your biggest weaknesses?

Ans. I try to make my work best the way I can. But sometimes it consumes more time than it could. But I think providing quality has always been my motto so I follow it and try to optimize my work.

7. How would your manager describe you? Now tell me, how would your best friend describe you?

Ans. My manager would describe me as a hardworking person and my best friend would describe me as a fun and easy-to-talk person.

8. What are the three things that are most important to you in a job?

Ans. 1st would be a healthy environment, 2nd would be challenges so that I can grow in my field and 3rd would be
